

No. 1590

13 November 1950

TO : 32.9  
FROM : 27.2  
SUBJECT : Paul HOPOSZY-STROBL

We can now state with a considerable degree of certainty that subject will not be allowed to emigrate to the US. As we have stated several times in the past, there is derogatory information about him and his activities. In addition, since he was a member of the Hungarian Gendarmerie his case falls under Public Law 774 enacted by the 80th Congress of the US, which listed certain organizations and categories of activity considered dangerous to US interests and security. On the other <sup>hand,</sup> membership in the Hungarian Army does not automatically disqualify an individual from emigration.
